

We're inviting applications for:

Service Technician

for Newport Water in Kingston 10, Jamaica

■ The Ideal Candidate:

We are seeking a talented, reliable, and results-driven Service Technician who will professionally represent the Newport brand and provide excellent client care.

The Service Technician is required to work with a highly skilled and effective Technician team to complete equipment installations and sanitizations and respond to service calls in a swift and professional manner.

■ Responsibilities

- Carry out assessments for new installations
- Repairs, refurbishing, and testing of equipment in workshop as needed.
- Assist with stock-taking and stock management.
- Set up, testing and reporting on new equipment and items.
- Assist with the maintenance of in-house equipment and systems.
- Timely execution, collection and delivery of items and paperwork where required.
- Carry out sanitizations, respond to and execute service calls and research and solve technical problems, all in a timely manner.
- Report opportunities and threats in the marketplace.
- Maintain a clean, tidy and orderly work environment and vehicle.
- Promote the company's products and services where necessary.

■ Requirements

- Highschool diploma or GED.
- Diploma in AC & Refrigeration, plumbing and/or electrical, or 3 years' equivalent experience.

- IT/software training or experience.
- Skilled in the use of hand and power tools used in the plumbing and electrical trades.
- Knowledge of building codes, safety regulations, and safety practices.
- Ability to read and follow blueprints and rough drawings.
- Effective interpersonal as well as oral and written communication skills.
- Ability to complete projects unsupervised and unassisted.
- Excellent problem-solving skills.
- Attention to detail and ability to perform multiple tasks simultaneously.
- Proficiency in basic mathematics and conversion of measurements.
- Valid light-goods driving license
- Ability to lift 45+ lbs.
- Willingness and ability to travel.

Why Choose Newport?

- Join a highly engaged and progressive regional team.
- Be part of a distinctive regional brand that is challenging the status quo.
- Get to unleash your creativity within a given framework to drive change and build an inspiring Caribbean vision.
- Collaborate with different teams, territories and cultures.
